Hi Tom:

Penny Berry copied me your letter of March 17, 2008 to David Penney on the bonding deficiencies on the Sliver, White Tiger, Pretty in Pink, and Lost Gems sites.

The CCFO supports all of this bonding adjustments, but there are a couple of typos in the letter you need to be aware of, as I suspect Mr. Penney may try to use these typos to your (our) disadvantage:

Within the White Tiger section of the letter: "Please remit the \$3,100....."; This should read "Please remit the \$4,100....."

Within the Lost Gems section of the letter: "You may either post the additional \$3,000..."; This should read, "You may either post the additional \$6,600..."
